

# ARENA-HARROWS

## RHE SERIES

Up to 25 HP • 4', 5'

## RHB SERIES

25-60 HP • 5'-8'

RH SERIES ARENA-HARROWS Ideal for horse arenas and racetrack applications. A low profile harrow that rotates in a crisscross fashion to provide complete harrow coverage. The unique turning action allows the harrow to level soil by redistributing it inward. **RHE Series** is designed for subcompact tractors and available in 4' and 5' diameter models for tractors with Category 1 narrow 3-point hitches. The 4 spoke rings are constructed of 1.5" round tubing and equipped with 5/8" x 7/8" x 8-1/2" bolt on replaceable teeth. **RHB Series** are available in 5', 6', 7', and 8' diameter models for tractors with Category 1, 3-point hitches. The heavy-duty 5 spoke rings are constructed of 2" x 2" tubing and equipped with 3/4" x 8" angled bolt-on replaceable spiked teeth to provide trash clearance.
